Best Practices = WIC Success

- ✓ Make sure the APL is updated daily
- ✓ Check all shelf labels to make sure they are properly placed
- ✓ Check minimum stock requirements (Use Minimum Stock At-A-Glance Sheet)
- ✓ If an item does not scan, do not assume the item is ineligible. Notify your manager for immediate follow-up.
- ✓ For more information, call in to the quarterly WIC Retailer Advisory Meeting (RAM) and read the Retailer E-Bulletin.

This institution is an equal opportunity provider.
